The Swansboros had their hands full yesterday, and it took them ten good innings to defeat the Pontlacs at Broad Street Park. Some good, snappy playing was indulged in by both sides, and this was especially true of the work of Shorty Bauer, at short, for the Pontlacs: Crostic and Jennings, for Swansboro. Hits were equally divided, while the winning team caught the larger number of errors. The official score follows: The official score follows:

In a close and exciting game the Barton Holghis Imperials defeated the champion Brownies by a score of 4 to 2. The game was full of sensational plays, and with but few exceptions, the fielding of both teams was clean. Boone and Rose excelled in the field for the home team. The former accepted eleven chances with but a single error, while Rose's stop of a hard hit ball in the fourth was a hair raising play. Hicks and McLevy played best for the visitors. In batting the Imperials had the better of the argument, obtaining seven hits to the Brownies three. Hulcher lacked his usual control, but pitched well with the exception of the first and sixth innings. In the eighth and ninth the Brownies were close to scoring but sharp fleiding prevented them. Fewer in This District, Owing to Small Rural Population.

Referring to the statement printed in connection with the number of rural free delivery routes established, and the fact that the great majority of these are in the Fifth, Tenth and Seventh Districts, Captain John Lamb, congressman from this district, yesterday said that the reason the Third District had not secured more was due chiefly to the fact that it is the largest urban district in the State, the cires of Richmond and Manchester comprising much of the population. In area the district is the amailest in the State by long odds. As a matter of fact, there are a number of rural routes in this district, but not so many as in the large rural districts number.

a veil. My face itched and burned so I thought I would go crazy.

"I had tried every remedy I could get hold of I thought I never could get rid of it. One day a friend recommended your remedy. I had tried so many I did not care but thought one more would not make very much difference. The itching and burning stopped right away, and soon my face began to clear. It was slow trot and I a most got discourance, but I persisted, and now my face is all clear. Itle it was before I got the discase. I had to use a great many bottles but having my skin cured is worth ten times so much as I sivent. I thank you and hope you all kinds of success."
